Omron Foundation, Inc. Contributes \$5,000 Towards Alberta Wildfire Relief Efforts

HOFFMAN ESTATES, IL (August 3, 2016)—OMRON Foundation, Inc. has contributed \$5,000 to assist with relief for those affected by the wildfires which have devastated areas in the Fort McMurray Area of Northern Alberta, Canada. The donation was made to the American Red Cross who partners with the Canadian Red Cross to provide relief.

“Our heartfelt thoughts are with the families who have been affected by the recent natural disasters in Canada, in the US and around the world” said Nigel Blakeway, Omron Foundation President and CEO of Omron Management Center of America, Inc.

Omron Foundation has also made a series of \$5,000 donations earlier this year to various aid organizations in support of those affected by the flooding in Houston, Texas and the earthquakes in Kumamoto, Japan and Ecuador which occurred in April of this year.

As relief efforts shift to long-term assistance, Omron Foundation aims to assist the residents of the communities who are in need of help rebuilding their community.

In addition to these donations by Omron Foundation, Omron employees are encouraged to support relief efforts by making individual donations which are matched by Omron Foundation within program guidelines.

About OMRON Foundation, Inc.

Founded in 1989, OMRON Foundation, Inc. (OFI) coordinates the charitable efforts of all OMRON offices in the US and Canada to achieve the greatest positive social impact. The Foundation is funded by OMRON's subsidiaries in North America, which contribute a portion of sales revenue to the Foundation. The Foundation divides its charitable resources among organizations benefiting education, people with disabilities, cultural programs, health, and other social concerns including disaster relief.
